

DEPARTMENT OF HOMELAND SECURITY  
**INVESTIGATION REPORT**

**I. INFORMATION**

Thank you, contractor, for lending your sleuthing skills to our agency. We have compiled in this investigation report everything you should need to complete the desired task. However, due to internal policies, some information had to be redacted. We hope this is not much of an inconvenience.

Item II was found, and subsequently seized, by TSA staff in the luggage of [REDACTED] on November 20<sup>th</sup>, 2020. The owner is believed to be smuggling smartphones out of Foxconn factories and has been taken in for further questioning.

We would like you to use this data and access the URL written on the sticky note that was next to this phone, which we believe will allow us to bust a factory smuggling ring.

**II. SEIZED DEVICE**

Description	A silver Apple iPhone 8 telecommunications device. Does not run iOS, but factory testing software. This was used to obtain hardware data.
Serial Number	[REDACTED] T [REDACTED] 621J [REDACTED] H
